NEW MAUDE ADAMS WINS AN OVATION

Welcomed Back to Stage, Winsome Actress Gives Evidence of Remarkable Powers as an **Emotional Actress.**

MAKES NEW PLAY CHARMING.

the Stronger Scenes She Shows Emotion | Strength and a Right to Topmost Place Among Ameri-

A new Maude Adams burst upon New York's admiring vision at the Empire Theatre last night. Coming, as she did, after more than a year's regrettable absence, the winsome, lovable little actress was greeted with a welcome which was to be expected because of the warm place she had won in the hearts

But she had not progressed far in Mrs. Frances Hodgson Burnett's play of anish atmosphere, "The Pretty Lister of Jose," before she claimed and was enthusiastically accorded another and fuller tribute-a recognition of her powers as an emotional actress.

At first her environment seemed inngruous. Maude Adams in the role of the sweetheart of a bull-fighter was rather strong meat to swallow. Maude Adams in a colored scarf and dancing the fandango was a picture for which one was hardly prepared. Maude Adams with a dagger which she drewrather violent transition from Babble and the mild "old maid" of "Quality Street." Maude Adams as a flery senorita was almost beyond the limit of

Storm of Applause.

Yet Maude Adams was all of these realized she had proven unsuspected powers and stood trembling and shaking like a frail vine in a storm

Not once, but half a dozen times, the Michael Gallagher Climbs to the audience caused the curtain to be raised and showered her with its approbation,

"Oh, I couldn't tell you all I feelit is so good of you!" was all she could

and not once-more praise to her-did

Admirable though Miss Adams's achievement was it was not, in itself, not waned in France as it has here is so much as what is promised. For it shown by the fact, officially reported, that the number of wheels in use there has increased from 330,000 in 1896 to 1,200,000 in 1892. The tax on bicycles now the greatest of American actresses. the greatest of American actresses.

Hers was not the mere frenzy of animal agitation, the flood of tears which washes nothing more than mauding the washes nothing more than mauding the washes nothing more than mauding the washes nothing hero go because another buil-fighting hero go because another foolish girl had died for lack of the nourishment of his love, and because she held always before her the hapless ploture of her mother's devotion to the man who had tired of her and beaten her, see struck the true note of pathos.

The Audience with the service and the service of the man who had tired of her and beaten her, see struck the true note of pathos.

And when, a year later, the valiant matador returned, and she prayed and pleaded beside the bed upon which a victorious buil had laid him all but dead, the approached very near to greatness. That last act would save a worse play than Mrs. Burnett's—a play pretty and picturesque and charmingly staged, yet on the whole inferior to its genius-flashing star.

However, that last act atoned for many shortcomings—if not sins—mainly because it was left almost solely to

Pepita was the only excuse for his living, and, winking at "happy endings" (which the public is supposed to dearly love), the play would be stronger if Sebastiano were permitted to shuffle off, Edgar Selwyn, on the other hand, made Jose a brother worthy of Pepita. This is the best thing Mr. Selwyn has done since his half-breed in "Arizona." Sandol Milliken gave a pathetic touch to the lovelorn Sarita, who died to carly in the play—another grudge owed Sebastiane.

to the lovelorn Sarita, who died too carly in the play—another grudge owed Sobastiane.

Mrs. w. G. Jones, while she did not completely disguise her native identity, played one of those motherly old parts in the way which makes her a treasure. It was something of a surprise and a delight to hear Miss Adams sing in a deep-toned, musical contraito. Though in the earlier portions of the play she showed signs of returned health, the more atrengous scenes which followed seemed to tax her atrength, and left her worn and wan: Overexertion is the only thing which "The Pretty Sister of Jose" need fear.

The audience (wanted the bull-fighter to live because Pepita wanted him to live, and Miss Adams's sincere sorrow and supplication moved the audience to pray in spirit with Pepita.

Otherwise the bull-fighting person might have died at any time to best suit his convenience, for though the new English leading man, Henry Almeley, played Sebastiano with directness and force, albeit with slight trace of Latin color, the character was without appeal to American sentiment. He was a hero essentially of the press-agent quality, and was tiresomely touted throughout the piece.
